A student requesting an MMR immunization waiver must sign this document, indicating:

1. I have reviewed the immunization information provided by the Loras College Health Center and/or the Centers for Disease Control and Prevention (CDC).
2. I understand the risks and benefits of immunizations, the potential risks of non-immunization, and the risk of a measles, mumps, or rubella epidemic to myself and the Loras College community.
3. I declined the MMR immunization.
4. I agree to leave the Loras College campus immediately upon identification of the first case of measles, mumps, or rubella at my expense. I may return to the campus, classes, and living arrangements when the Health Center and the Iowa Department of Public Health deem it safe to return.
